

The New PACHETTE 4

from DGH Technology

*Globally
Recognized
as the
Leading Portable,
Desktop
Pachymeter*

Now Featuring
Exclusive
Automatic Report
Generation Using
Wireless Bluetooth®
Technology

DGH TECHNOLOGY, INC.
THE ULTRASOUND SPECIALIST

The DGH Pachtette Series revolutionized the measurement of corneal thickness with a portable, desktop pachymeter that produces accurate, reliable, and easy to obtain results. The New Pachtette 4* also features an exclusive memory system that stores multiple patient records for automatic report generation using Bluetooth® wireless technology.

*With Bluetooth® Module installed

EASE OF USE

Turn on power and the Pachtette 4 is ready to take measurements. Contact the probe tip to any location on the cornea, and the Pachtette 4 will obtain and store up to 25 measurements in a fraction of a second. Audible feedback indicates when a valid measurement is complete. After bilateral measurements have been completed, the measurements can be reviewed on the 16 character by 2 line LCD which provides easy visibility of the current measurement, the average, and the standard deviation of all measurements taken.

ACCURACY & REPRODUCIBILITY

Proven measurement algorithm yields accurate, reproducible measurements in a fraction of a second. The measurement capability of the Pachtette 4 is an enhancement of the proven technology that has set the standard for measuring corneal thickness since 1982.

PERSONALIZED CONFIGURATION MEMORY

When you receive your Pachtette 4, the unit is ready to take corneal measurements at initial power up. It is not necessary to set up or configure any parameters. However, the Pachtette 4 has been designed to allow the user to personalize the operational mode, number of measurements taken, adjustment of time delays, etc. Once modified, these parameters are permanently stored in its memory.

DURABLE PORTABILITY

The Pachtette 4 is designed for performance, portability and convenience, while using limited counter space. The Pachtette 4 is encased in a durable rubber holster with a built-in tilt stand. The probe is detachable for easy cleaning and replacement. The probe can be stored in the custom molded probe holder cavity and cord wrap, protecting the probe during transportation or storage. The Pachtette 4 has a minimum lifetime of 10 years and an industry leading 3 year warranty.

ADDITIONAL FEATURES

Mapping Mode for obtaining and storing up to 33 actual and biased corneal mapped measurements. These measurements can be obtained at any point on the cornea, including the periphery.

"Off the shelf" batteries: The Pachtette 4 is supplied with 2 sets of NiMh rechargeable batteries (4 total AA batteries), or alkaline batteries can also be used. A battery charger is included with each unit.

Multiple Patient Records Using Bluetooth® Wireless Technology and DGH Connect Software

Gender: Male

Name: Abraham Smith
ID: 10231
DOB: Jan-01-1971
Gender: Male

Notes: Corneal Velocity 1640 m/s

OD Average (µm): 542
Std Dev (µm):

- 1 Using the DGH Connect Software (PC), enter patient ID information for up to 20 patients and wirelessly transmit to the Pachtette 4.
- 2 The Pachtette 4 stores all patient ID information in its memory for reference when measuring patients.
- 3 After the measurement sequence is complete, wirelessly transmit all results and patient information directly to a Bluetooth® enabled printer.
- OR -
- 4 After the measurement sequence is complete, wirelessly transmit all results and patient information back to the PC for report generation and printing.

Specifications

Measurement Range: Standard Range: 200 microns to 1100 microns, Flap Option Range: 95 microns to 1100 microns
Accuracy: ± 5 microns
Resolution: 1 micron
Internal Clock Accuracy: ±0.002%
Dimensions: 6.3" (160 mm) Length x 4.1" (104 mm) Width x 2.2" (56 mm) Depth
Weight: 1.4 lbs (635 grams)
Power Requirement: Two (2) AA batteries

DGH Connect Software: System Requirements

Processor: 32-bit or 64-bit, 2 GHz
Memory: 2 GB RAM
Hard Drive: 1 GB minimum, 100 GB recommended
Ports: USB 2.0
Display: 1024 x 768 resolution
Peripherals: Mouse (or Touchpad), Keyboard
Bluetooth® Radio: v2.1 or later*
 * Software is compatible with USB Bluetooth® adapters/dongles for desktop systems.

DGH Connect Software: Compatible Operating Systems

Microsoft Windows XP, Service Pack 3 or higher (32-bit)
 Microsoft Windows Vista, Service Pack 2 or higher (32-bit or 64-bit)
 Microsoft Windows 7 (32-bit or 64-bit)
 Microsoft Windows 8/8.1 (32-bit or 64-bit)
